SENDAI UMINO-MORI AQUARIUM

Special parties in a fantastic space—an extraordinary night aquarium SENDAI UMINO-MORI AQUARIUM

The aquarium that connects the sea and water with people!

Night Dolphin Performance

Sparkling of Life

■ A luxurious time at a night aquarium
The night aquarium provides scenes totally unlike what people normally see, and unveils the “serene ocean.”
A rent-up plan allows you to leisurely see the colorful lives of the Sanriku region’s sea creatures in a quiet space.

■ Additional plans for hospitality at the aquarium are available!
You may enjoy special hospitality programs that connect the sea and water with people, such as Sparkling of Life (special show), a night dolphin performance, and an exclusive backyard tour for children accompanied by adults.

■ Full cooperation of the SENDAI UMINO-MORI AQUARIUM
Please consult with us if you wish to hold other optional events, such as Japanese Sake Night or attraction events.
